

CLASSIC DURA COAT RB

Polymer Base Anti-Corrosive Coating for Steel and Reinforcements

Product:

Classic Dura Coat RB is a two pack system anti-corrosive protective coating for steel and reinforcement. Provides a thin section coat with good resistance to weathering.

Description:

Classic Dura Coat RB is a thin section coat designed to provide weather resistant to steel and reinforcement. It has given excellent corrosion resistance to the reinforcement bars.

Advantages:

- Easy to apply
- Pre-Packed
- Excellent Weather Resistance
- Good Bonding with Concrete
- Excellent Adhesion

Pack & Coverage:

2 Kg and 1 Kg pack. A 1 Kg pack will cover approximately 50 Kg steel of 12 mm diameter.

Where to Use:

All reinforcement, steel and embedded steel in concrete.

Properties:

Working life at 20 °C – 40 minutes.
Touch dry time at 20 °C – 4 hours.

Instructions for Use:

Surface Preparation:

The steel or reinforcement should be cleanly by wire brush or acid cleaning. All dust particles should be removed to achieve good bonding of coating.

Mixing:

Classic Dura Coat RB is supplied in two pack material with a powder component and the respective pre-weighted amount of liquid. The liquid should be poured into the suitable mixing vessel and the powder component gradually added under mechanical mixing. The continuous mixing should be done until a homogenous colour is achieved.

Application:

The mixed **Classic Dura Coat RB** should be applied by brush in one coat on substrate.

Cleaning:

Brush should be rinsed with water immediately after use.

Coverage:

A one Kg pack will cover approximately 50 Kg of 12 diameter steel bar.

Safety Precaution:

Classic Dura Coat RB is non-hazardous. However inhalation of dust of powder should be avoided. In the wet condition, the material is alkaline and any splashed to the skin should be washed off with water to prevent possible skin irritation.

How to specify:

Classic Dura Coat RB an anti-corrosive treatment shall be given to all reinforcement and embedded steel in concrete in accordance with the instruction of the manufacturer **PRIMADONN Buildtech Pvt Ltd.,**

CLASSIC DURATM COAT RB

Polymer Base Anti-Corrosive Coating for Steel and Reinforcements

Variety of Products:

Following are the other similar products from Primadonn Buildtech Pvt Ltd.,

- Classic Crackmate
- Classic Cure-C
- Classic Epoxy Mortar – 301
- Classic Epoxy Patch – 302
- Classic Epoxy Primer – 273
- Classic Epoxybond – 208
- Classic Epoxyseal – 204
- Classic ETP – 3
- Classic Micromate
- Classic Primecoat
- Classic Rust Shield
