

CLASSIC INNOCOAT BAC

Anti-Corrosive Black

Product:

Classic Innocoat BAC paint is based on a special type bitumen containing phenolic resins with inert pigmentation. This ultimately cures to a tough abrasion-resistant coating with good water resistance.

Uses:

- Industrial Structural steel.
- Barrage Gates.
- Pipelines.
- Chemical Factories structures.
- Railway coaches.
- Concrete jetties.

Surface Preparation:

Steel Surfaces:

Remove grease, oil and other contaminants by using some solvent. Blast clean to a minimum of SA 2 ½ Swedish standard with a profile not exceeding 35-40 microns. If blasting is not practical with manual chipping and wire brushing to remove loose rust.

Concrete Surfaces:

Remove grease, oil and other contaminants by using some solvent. The surface should be perfectly dry and clean before applying.

Application:

Mix the contents thoroughly before and during application.

Storage Life:

Up to 12 months as long as the container are kept under closed in a dry place of normal temperature conditions.

Product Information:

Type	-----Single Pack
Acids	-----Good
Colour	-----Black
Finish	-----Eggshell to semi-gloss
Application	-----Brush, Spray
Recommended DFT	-----60 microns
Theoretical Spreading Rate	-----8 Sq. mt./ltr
Drying Time:	
Tough	-----90 mts
Hard	-----Over Night
Over Coating Interval	-----10 hrs
Chemical Resistance:	
Alkalis	-----Good
Solvents	-----N/R
Salt	-----Good
Water	-----Excellent
Flexibility	-----Good

Packing:

Available only in 4 and 20 Litres.

Notes:

Do not apply when temperature falls below 10°C or rises above 50°C when relative humidity rises above 90°C.
